I, your name, am sending the billing/coupon statement as the payment of what is owed. I have recently found out that these detachable coupons of this statement that you sent me as a bill, are a way of payment; Enclosed you will find the coupon with UCC 3-306, UCC 3-603, UCC 3-602, UCC 3-104, UCC 3-311 hand printed on the front. You may find those ucc codes explained at *https://www.law.cornell.edu/ucc*. On the back I've indorsed it with the beneficiary signature in acceptance for payment which you may draw from my cesta que vie trust; Below I have listed some definitions just in case a refresher is needed; Accepting payment directly from me and redeeming the coupon is double dipping and is illegal. It is my intention to keep all payments legally kosher.

WORDS DEFINED GLOSSARY OF TERMS

Billing Statement: "A written record prepared by a financial institution, usually once a month, listing all credit card transactions for an account, including purchases, payments, fees and finance charges. It may be mailed to consumers or provided electronically online. Also called a monthly statement or periodic statement.

Coupon: "A coupon or coupon payment is the annual interest rate paid on a bond, expressed as a percentage of the face value and paid from the issue date until maturity. Coupons are usually referred to in terms of the coupon rate (the sum of coupons paid in a year divided by the face value of a bond in question). A certificate attached to a loan instrument that can be separated from the instrument and presented after a specified time for the collection of interest."

Coupon Bonds: "bonds to which are attached coupons for the several successive installments of interest to maturity."

Bond, barear: "A negotiable instrument payable to its holder."

Instrument: "A written legal document such as a contract, lease, deed, will or bond."

Trustee: **One who, having legal title to property, holds it in trust for the benefit of another and owes a fiduciary duty to that beneficiary**. (Trust-Manager.) Beneficiary: One designated to receive something as a result of a legal arrangement or instrument

Also, a coupon is worth whatever the face value it has printed on it; Moreover, i mentioned earlier and you may have noticed, I signed the back of the coupon as a beneficiary as an attempt to make a payment on this debt; Also, if my payment is refused then by this law the billing statement is void;
EXTINGUISHMENT OF OBLIGATION CHAPTER 4 Article 1256. “If the creditor to whom the lender of payment has been made refuses, the debtor shall be released from responsibility by the consignation of the thing or sum”
Be It Known: The green return receipt returned to me evidences a Common Law-contract between us
under the Postal rule, which states:
“The postal rule (also known as the mailbox rule or "deposited acceptance rule") is a term of common law-contracts which determines the timing of acceptance of an offer when mail is contemplated as the medium of acceptance. The general principle is that a contract is formed when acceptance is communicated to the offeror. The mailbox rule is an exception to the general principle. The mailbox rule provides that the contract is formed when a properly prepaid and properly addressed letter of acceptance is posted. One rationale given for the rule is that the offeror nominates the post office as implied agent and thus receipt of the acceptance by the post office is regarded as that of the offeree. The main effect of the mailbox rule is that the risk of acceptance being delivered late or lost in the post is placed upon the offeror. If the offeror is reluctant to accept this risk, he can always require actual receipt before being legally bound.”
Sincerely and without ill will, vexation, or frivolity.
